

Who makes the JAM?

 2 hrs./month during Critical Mass
 200+ hrs./month

WE ARE TRAFFIC

Critical Mass bicycle celebrations have been occurring spontaneously in hundreds of cities around the world for 14 years. The first Critical Mass ride was here in San Francisco on Friday, September 25, 1992. **HAPPY 14!!**

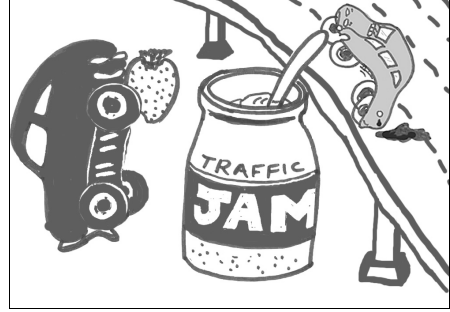

Noncompetitive, noncommercial, nonofficial, clean, democratic and fun...we're living *right now* as we'd like life to be *much* more often.

We invite you to get a bike and join us. We ride the last Friday of every month from the foot of Market Street (Pee Wee Herman Plaza). Gather at 6:00 p.m.
